Dear

I was pleased to learn of your safe escape from the recent tragic events in South Vietnam.

I trust that the refugee relief processing system will be able to ensure adequate handling of your case and that the Voluntary Agencies, which are arranging for sponsorship under this system, find a proper place where your wide range of capabilities can be used productively.

While my organization has no appropriate vacancies at this time, you can be sure that you will be kept in mind and that you will be contacted if a suitable vacancy is found, either within this Agency or on the outside.

Please accept my best wishes for your future in the United States.

Sincerely,

/s/ W. E. Colby

Dear [Redacted]

The following information is submitted to bring you up to date on the status of the Regional Force/Popular Force training film which we jointly entered into in November 1969. The raw footage and the sound tapes are back from the United States, and are presently being safeguarded in our JUSPAO motion picture facility. The results have been reviewed and it appears there is sufficient quality footage to produce a first-rate motion picture.

JUSPAO will make their facilities and equipment available to a civilian Vietnamese editor who is to be contracted for as a project manager by MACCORDS. He will require an intensive orientation on territorial security in order to produce a credible product. Our CORDS staff officers are ready to assist whoever you may determine is to conduct this orientation.

There is one area in which we need assistance. There is a need for a Vietnamese officer to work with the editor as a technical advisor. Ideally, this officer should understand and appreciate the territorial force effort, be proficient in political warfare, and understand the techniques of motion picture production. If possible, he should have had some knowledge of the original script and filming sequence. Major [Redacted] meets all the requirements, and would be an appropriate choice. If you agree, temporary duty for [Redacted] with the General Political Warfare Department might be a possible solution to this problem.
